PROFESSIONAL SUMMARY

Computer Science graduate passionate about Artificial Intelligence, Machine Learning, and Data Science. Experienced in developing AI-powered applications using Python, FastAPI, and modern web technologies. Strong foundation in ML, REST APIs, data analysis, and Generative AI with hands-on experience building end-to-end AI applications.

TECHNICAL SKILLS

Languages: Python, C++, SQL

Machine Learning: Scikit-learn, Regression, Classification, Clustering, Feature Engineering, Model Evaluation

Deep Learning: TensorFlow, PyTorch, CNN, RNN, Transformers, GANs

Data Science: NumPy, Pandas, Matplotlib

Generative AI: LLMs, Prompt Engineering, RAG, AI Agents, LangChain, OpenAI API

Backend: FastAPI, REST APIs

Frontend: HTML, CSS, JavaScript, React, Next.js

Database: MySQL

Tools: Git, GitHub, VS Code, Jupyter Notebook

PROJECTS

AI ATS Resume Analyzer | Python, FastAPI, Next.js, LLM

- Developed an AI-powered ATS resume analyzer that compares resumes with job descriptions.
- Implemented resume parsing, keyword extraction, ATS scoring, and AI-generated improvement suggestions.
- Integrated FastAPI backend with a responsive Next.js frontend.

Intelligence AI Attendance System | Python, FastAPI, OpenCV

- Designed an intelligent attendance management system using AI and Computer Vision.
- Automated attendance tracking through face and voice recognition with report generation.
- Built scalable backend APIs for attendance management.

AI Gym Trainer | Python, MediaPipe, OpenCV

- Developed an AI virtual fitness trainer capable of real-time pose estimation.
- Implemented automatic repetition counting and posture correction.
- Provided live exercise feedback using Computer Vision techniques.

CreditWise Loan Approval Prediction System | Python, Scikit-learn, Pandas, FastAPI

- Developed a machine learning application to predict loan approval based on applicant financial and demographic information.

ACHIEVEMENTS

- Built multiple end-to-end AI-powered applications integrating Machine Learning, FastAPI, and modern web technologies.
- Strong interest in Generative AI, LLMs, and intelligent automation systems.
- Passionate about solving real-world problems using AI and Data Science.
- Also Passionate in playing Chess And Cricket in
